## Hanna's Green Seal

"The Made-to-Wear Paint"

If you expect to do any painting, you are interested—you should be—in the quality of the paint to be used.

In any given job of painting, labor represents practically two-thirds, material one-third the cost.

It stands to reason that with so much expense in labor, the enduring quality of the paint is all important.

Why have the painting done unless the protection and durability of the job is sought?

How is one to determine the true value and obtain paint that may be depended upon for durability?

HANNA'S GREEN SEAL PAINT IS NOT A SECRET. This paint has the printed formula on every package.

The makers have confidence and take pride in the quality and tell the public the composition of the paint.

IS THIS OF ANY VALUE TO YOU? IT OUGHT TO BE.

### MRS. NATION DEAD

Carrie Nation, the Kansas saloon

smasher, died Friday. Friends were

the cause of death. For several

months Mrs. Nation had been in poor

health.

Mrs. Carrie Nation was born in

Kentucky in 1846. Her maiden name

was Carrie Moore, and as a girl it is

said she was absolutely fearless.

In her early life she married a man

addicted to the use of intoxicants, which

resulted in her intense aversion to

the saloon. When he died she de-

termined to devote her life to the

suppression of the liquor traffic. Later

she moved to Kansas and married

David Nation who sympathized with

her principles.

Mrs. Nation's first saloon smashing

was done in the barroom of the Carey

Hotel in Wichita, December 27, 1900.

She was arrested and remained in

prison several days before she was re-

leased on bond.

On January 21, 1901, armed with

her favorite hatchet, Mrs. Nation

made another raid in Wichita. This

time she smashed two saloons.

During the next three months Mrs.

Nation surprised the saloonkeepers

in various Kansas towns, appearing

unhindered and leaving a trail of

ruined barrooms and fixtures where

ever she went.

Many saloonkeepers became terror-

stricken when the militant prophet

appeared.

### The Modern Wash-day

more. No coal or wood to carry; no fire to feed; no soot

nor ashes. It keeps a kitchen or laundry cool and clean.

It cooks to perfection, with the least trouble and expense.
